

SFB 873

4th Young Scientist Retreat

Hotel Kloster Hirsau in Calw, Germany

The Collaborative Research Center

“Maintenance and Differentiation of Stem Cells in Development and Disease”

SFB 873 welcomes Postdocs and PhD students to join the

4th Young Scientist Retreat

Chairs: Nina Cabezas-Wallscheid, Roberta Scognamiglio

APRIL 13 - 15, 2015

The purpose of this retreat is to connect PhD Students and Postdocs interested in various fields of stem cell research. We want to stimulate networking and provide a common platform to develop new concepts and collaborations. Young scientist within and outside the SFB are encouraged to attend.

Registration and Info: www.sfb873.de

Deadline for registration: **February 20, 2015**

For more information and detailed program, please visit our website: www.sfb873.de or contact Nina Cabezas-Wallscheid (n.cabezas@dkfz.de) or Roberta Scognamiglio (r.scognamiglio@dkfz.de)
